# Sound input info

## Vocals

One Condenser vocal mic (Neumann KMS 105 or Shure Beta 87 or something similar, No SM58's please)

One Condenser instrument mic (Neumann KM184 or Shure SM81 or something similar, No SM57 please)

Two DI boxes with two ¼" cables

One Monitor

One chair

## Drums

Two drum Overhead mics

One Snare drum mic

One Bass drum mic

Two Tom mics

One back vocal mic with stand

One monitor

## Bass

One Monitor

One back vocal mic with stand

One chair

## Guitar

One monitor

One back vocal mic with stand

One chair

One SM57 mic for amp

## Important note for main vocal monitor:

The vocalist needs reverb on his monitor separate from the house. Usually much more than what goes in the house. A separate mix helps

**Stage Plot:**

Main vocals: Stage left

Guitar: Stage left center

Drums: Stage center

Bass Stage right

The bands sits like a curve

This is an example of one of our live shows. It's audience video sorry for low quality
